Baltimore, MD 21231

Dear Friends of Recycled Love,

I'm writing to you today to ask for your help. Everyone has been affected by the economy, including our four-legged friends. Dogs and cats are being neglected, abandoned, and abused at an alarming rate. Even beloved pets are being owner surrendered. But, as always, Recycled Love is answering the call to rescue them.

I want to tell you about one animal in particular that we saved this year. Hansel, a Mastiff mix, weighed less than thirty pounds when he arrived at Academy Animal Hospital. He had been chained in a concrete back yard. Starving, he had to scavenge for food. A corn cob was all that he could find, and it was lodged in his intestines. Hansel was close to death.

It took days to stabilize him before surgery. As veterinarian Dr. Rick Lewis prepped Hansel, he noticed a strength that transcended the weakness and fatigue. Hansel's beautiful blue eyes told him that he was a survivor. After the surgery, Hansel peered up at Dr. Lewis and blinked with quiet contentment, as if he knew that this life was beginning at that very moment.

Hundreds of animals have benefited from the surgical expertise of Dr. Lewis, but Hansel stole his heart. Before Hansel's recovery even began, Dr. Lewis asked Recycled Love if he could adopt Hansel. Now, Hansel is Dr. Lewis' shadow. Together, they go daily to the clinic, and retire on the weekends to the farm. **Hansel has found his forever home.**

Help animals such as Hansel begin a new life! Please give where it is needed most to save the precious lives of animals. Please consider expenses such as:

- \$35 for veterinarian initial exam and transport
- \$50 for annual shots and testing
- \$70 for spay/neuter
- \$100 for a week of boarding
- \$200 for a minor procedure

Please give a gift today. There are so many more animals such as Hansel that need our help. Recycled Love will be there to care for them. But we need your support to continue this life-saving work.

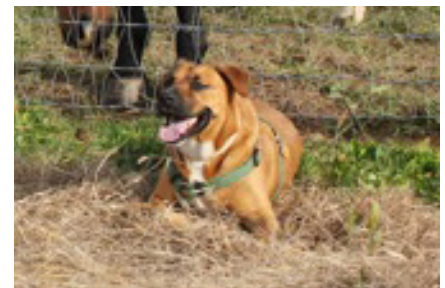

Sincerely,

Jennifer Viglucci, President

*Recycled Love is a 501c3 and all donations are tax deductible.
Also, gifts of stocks are also accepted.*

Dr. Lewis is so happy to have Hansel as part of his family. "I remain always humble in my profession, and eternally grateful to all those who help the animals in need" said Dr. Lewis of Recycled Love and supporters like you.
